- 6 x 6mm Swarovski bi-cones amethyst
- 3 x 8mm Swarovski bi-cones amethyst
- 74 x 4mm Swarovski bi-cones light amethyst
- 7 x 6mm Swarovski bi-cones light amethyst
- 6 x 8mm Swarovski bi-cones light amethyst
- 3g x DB080 Miyuki seed beads

Continued...

A classic design with three graded strands of mixed pearls and crystals with a hint of the modern by adding two hole sliders.

STEP ONE

Lay out the three pieces of 60cm Tigertail and insert one end of each piece into a bead stopper.

STEP TWO

Work on the inside neck edge strand first. Working from the left to right, thread onto the Tigertail: 50 x light purple seed beads, 1 x 4mm Swarovski mauve pearl and 1 x light purple seed bead. Thread through the top hole of a three hole slider.

STEP THREE

Thread on 1 x seed bead, 1 x 4mm mauve pearl, 6 x 4mm light amethyst bi-cones, 1 x 4mm mauve pearl and 6 x 4mm amethyst bi-cones. Thread through the top hole of a two hole amethyst slider.

STEP FOUR

Thread 3 x 4mm light amethyst bi-cones, go through top hole of a two hole amethyst slider.

STEP FIVE

Thread through 3 x 4mm light amethyst bi-cones, 1 x 4mm burgundy pearl, 1 x 4mm light amethyst bi-cone, 1 x 6mm light amethyst bi-cone, 1 x 8mm light amethyst bi-cone, 1 x 6mm amethyst rondelle, 1 x 6mm burgundy pearl and 1 x 8mm amethyst bi-cone. This marks the mid point of this strand so follow the steps above in reverse order leaving out the last 8mm bi-cone to complete the strand. Place the end into a bead stopper.

STEP SIX

To complete the middle strand follow Steps 2 to

Purple Goddess

Rating

5 above with the following minor variations:
At Step 2 use 53 seed beads.
Use the middle hole of the three hole slider.
Use the bottom hole of the amethyst sliders.
After the first amethyst slider use only 1 x bi-cone and the top hole of another amethyst slider followed by only 1 x bi-cone before entering the original second slider.
Add an extra 6mm amethyst bi-cone on each side of the 8mm amethyst bi-cone.
Include these variations on the second side of the strand.

TOOLS

Chain nose pliers

Crimping pliers

Wire cutters

2 x bead stoppers

LENGTH: 50cm

STEP SEVEN

To complete the bottom strand follow Steps 2 to 5 above with the following minor variations:
At Step 2 use 54 seed beads.
Use the bottom hole of the three hole slider.
Add two more 4mm amethyst bi-cones before going through the amethyst slider.
Add two extra 6mm amethyst bi-cones on each side of the 8mm amethyst bi-cone.

Include these variations on the second side of the strand.

STEP EIGHT

Remove the bead stopper from one end, push the three strands of Tigertail through the cone and Charlotte cap. Add a crimp. Close the crimp on all three strands, trim the excess, close Charlotte cap over crimps. Gently tension to remove any gaps. Repeat on the other end and attach the clasp to right side Charlotte cap. Attach the extension chain to the left side and, using the head pin, add the last 6mm light amethyst bi-cone to the end of the chain as a dangle.

All components and instructions: \$79.90.
