4 crimps & covers	4 crimps & covers	4 crimps & covers
4 wire protectors	4 wire protectors	4 wire protectors
1 metre tiger tail	1 metre tiger tail	1 metre tiger tail
1 x 2 hole clasp	1 x 2 hole clasp	1 x 2 hole clasp

Tools required (not include with kit)

Bead stoppers - Crimp pliers - Wire cutters

Instructions

- Bend tiger tail in half and place a bead stopper or other spring on both pieces about 10cm from the bend.
- Following the rainbow paten (red, orange, yellow, green, blue, indigo and violet) – forward on one thread and reverse on the other – add a bicone then feed the threads across through the monty.
- Add another bicone on each thread then thread through a spacer, add another bicone and monty. Make sure that all monties face the same way.
- Repeat until the bicones are finished. Place crimp on each thread and feed the threads through the wire protectors and attach to the clasp. Pull tight and close the crimp, cut off excess wire then place a cover over the crimps. Repeat on the other end for the latch.
